

Look no further! Equally at home as a suspended light or a ceiling-mounted lamp, this LED luminaire is perfect for the workplace, where it illuminates desks and kitchen work surfaces with an intense and targeted light output. Its low-luminance louvres eliminate glare to deliver exceptional visual comfort for working environments. Brueghel is available in two versions: all stainless steel with a silver reflector or black lacquered with a softly coloured reflector in petrol or brass... the choice is yours. The dimmable version offers a multitude of different moods to light up your living spaces. This luminaire is also perfect for lighting public areas, hallways or corridors.

This luminaire is supplied ready to install, fully equipped with its own cable, light source and wall outlet. All our luminaires are manufactured, assembled and packaged at our Châtillon-sur-Saône production plant in the Vosges region of France.

Characteristics

CLI - 220V - LED module 18W (1000mm) ou 23W (1300mm) 2700K, CRI > 90
 Diameter : 100mm
 Length : 1000mm ou 1300mm
