

Indoors, this wall lamp will bring new magic to your bathroom with its sparkling myriad prisms. When powered down, it will blend into your room like a mirrored art object. Outdoors, it will add new interest to the walls of your home or sit camouflaged among plants... but in the evening, it will light your patio or garden with its thousands of LED point light sources. This wall lamp can be installed horizontally or vertically, and is available in two lengths.

This luminaire is supplied ready to install, fully equipped with its cable, light source and wall cable plate. All our luminaires are manufactured, assembled and packaged at our Châtillon-sur-Saône factory plant in the Vosges region of France.

Usage drawing :

Photometrie :

Flux : 950lm (700mm)  
1400lm (1000mm)

## Characteristics

CLI - 220V - LED Module 23W (700mm) or 34W (1000mm) 2700K  
Diameter: 70mm  
Length : 700mm or 1000mm  
Weight: 1,5kg (700mm) or 2kg (1000mm)  
Installation : Wall

Protection sign : IP68  
Equipped with cable and cable plate kit  
Cable : 1m  
Design : Yann Kersalé

## Finish

Stainless steel

## Materials

End caps & fixing straps : Stainless steel 316 L
