

# RIMBAUD GR

Data sheet

Evolved out of Sammode's industrial history, this iconic and imposing luminaire is perfect for larger spaces. Essential and timeless, it will add real charm and character suspended above your table or wall mounted in your office. Suspended by fine steel wires, it reveals every aspect of the design, as it appears to float majestically and charismatically in the air. Wall mounted, its glass body reveals its rear reflector and the louvres that soften its light output and create a soft and extremely comfortable lighting environment. Offered in three finishes, Rimbaud brings warmth and harmony to your rooms, and offers the perfect finishing touch to your bathroom, front door, or patio with a choice of gold, copper and silver finishes. This luminaire is supplied ready to install, fully equipped with its cable, light source and wall cable plate. All our luminaires are manufactured, assembled and packaged at our Châtillon-sur-Saône factory plant in the Vosges region of France.
