

Specially designed for the Musée des Arts Décoratifs in Paris, where it now lights the museum's contemporary art galleries, this long LED spans a very broad range of multiple applications. Its diameter – the smallest in the Paname collection – is perfect for indoor and outdoor wall-mounting, as well as ceiling mounting. Finished totally in black – grid, end caps and strap fixings – this special edition offers an infinite number of possibilities for enhancing your working and living spaces, whether turned on or turned off. With this unique luminaire, Sammode offers you the opportunity to introduce a slice of real history into your environment: the history of the famous Musée des Arts Décoratifs in Paris.

This luminaire is supplied ready to install, fully equipped with its cable, light source and wall cable plate. All our luminaires are manufactured, assembled and packaged at our Châtillon-sur-Saône factory plant in the Vosges region of France.
